song: Because Of You

B A E B A G#m

B **E** **B** **G#m**
You toss your head and turn your eyes when storm clouds brew
B **E** **B** **G#m**
You look around to quick relate to a good time you knew
C#m **B** **A** **E**
Then the dark clouds break away and a rainbow comes on through
B **E** **B** **G#m**
The sun I see only shines for me because of you
B **E** **B** **G#m**
Before this time we both saw blind in spite of fact
B **E** **B** **G#m**
We lost our place and made no haste to make contact
C#m **B** **A** **E**
Now by what we gain the taste of one and two
B **E** **B** **G#m** **B A E B A G#m**
I m satisfied beneath my pride because of you
A **E** **G#** **F#**
And now the worth of living wealth is more in the end
A **E** **G#** **F#**
And now the price of simple things is not so much to spend
B **E** **B** **G#m**
So close your eyes and pick a place to fly away
B **E** **B** **G#m**
And think of reasons why this warmth is here to stay
C#m **B** **A** **E**
Then the dark clouds break away and a rainbow comes on through
B **E** **B** **G#m**
The sun I see only shines for me because of you
B **E** **B**
Yes, the sun I see only shines for me because of you
