thanks to Roy J for the words
 please post corrections

Gene Parsons Monument written by Gene Parsons

```
G                C    D    G
I got a pig at home in a pen and I got corn to feed him
G                C    D    G
I got a dog at home in the yard and I got a stick to tease him
    D                C                G
But we re trying to build a monument to show that we were here
    C                G    C                G
It won t be visible through the air, and there won t be any shade
C                D                G
To cool the monument, to prove that we were here
G                C    D    G
I got a banjo and a wife and I got songs to please her
G                C                D    G
I got a little old house of trees and I got the moon and stars to see
    D                C                G
But we re trying to build a monument to show that we were here
    C                G    C                G
It won t be visible through the air, and there won t be any shade
C                D                G
To cool the monument, to prove that we were here
G                C    D    G
I got a banjo and a wife and I got songs to please her
G                C                D    G
I got a little old house of trees and I got the moon and stars to see
