Yesterday s Hero

**B** **G#m**  
Here I stand I m just a shell of a man  
**E** **F#**  
And only a kiss ago I was yesterday s hero  
**G#m** **C#**  
When you were mine I had it made  
**G#m** **C#**  
I was the leader of the big parade  
**D#m** **G#m** **C#sus4** **C#** **F#**  
Now look at me I m yesterday s he ro, hero  
  
How their cheers used to sing in my ears  
With you walking by my side I was a conquering hero  
But no one even says hello  
They say that idols come and idols go  
Well I oughta know I m yesterday s hero, hero  
  
Now the glamour and the glory s gone  
But will the story of our love be live on  
Or fade away like yesterday s hero  
  
**G#m**  
Like yesterday s hero  
**B**  
Yeah yesterday s hero (repeat and fade)
