

Yesterdays Hero
Gene Pitney

Yesterday s Hero

B **G#m**
Here I stand I m just a shell of a man
E **F#**
And only a kiss ago I was yesterday s hero
G#m **C#**
When you were mine I had it made
G#m **C#**
I was the leader of the big parade
D#m **G#m** **C#sus4** **C#** **F#**
Now look at me I m yesterday s he ro, hero

How their cheers used to sing in my ears
With you walking by my side I was a conquering hero
But no one even says hello
They say that idols come and idols go
Well I oughta know I m yesterday s hero, hero

Now the glamour and the glory s gone
But will the story of our love be live on
Or fade away like yesterday s hero

G#m
Like yesterday s hero
B
Yeah yesterday s hero (repeat and fade)
