

**Yours Until Tomorrow**  
**Gene Pitney**

Yours Until Tomorrow

**C#**                      **D#m7**      **G#7**                      **C#**  
Tonight I hold to nothing but the feelings in my soul  
                         **D#m7**                      **G#7**                      **C#**  
My heart overflows with emotions I just can't control  
                 **Bbm7**                      **D#m7**  
There's someone you are going to  
         **F#**                                      **D#m7**  
But tonight I just can't tell right from wrong

Chorus:

**G#7**                      **C#**                      **D#m7**  
Will you be mine until tomorrow  
                         **C#**                      **D#m7**  
Will you be mine until tomorrow  
                 **Fm**  
Give me one night of your life  
         **F#**                      **C#**  
Just be mine till the dawn

Tomorrow the real world will come crashing down on me  
I know I must lose you that's the way it has to be  
But tonight I see no boundaries  
So I beg you before my chance is gone

Chorus

But tonight I see no boundaries  
So I beg you before my chance is gone

Chorus and fade
