

Ever So Shy
General Fiasco

Artist : General Fiasco

Song: Ever So Shy

Tuning: Standard

My first tab :) Hopefully I haven't messed up too bad ;)
For a while I have tried to find the right tuning for this tab,
I think General Fiasco tune their guitars down half a step,
but this is how I play it in Standard tuning.

The first two lines in the actual song are usually just
Owen playing the bass,
but I included the guitar at the beginning as well for
this acoustic version.

The Chords:
