F **C**
It may be hard to say it s all over
G **Bb**
You make it hard to frame the right cover

You re takin off but takin no further
G **Bb**
You take apart the brains that stop over
F **C** **G** **Bb**
When all it wants is said to move on, it should
F **C** **G** **Bb**
And all the promises we made when they were good

[Chorus]

F **C** **G** **Bb**
Any way you want to say it was only a fear, they were preying on
F **C** **G** **Bb**
Any way you want to say it was always a tear, they were waiting on, dear
