

**Days Alone**  
**Generationals**

[Intro]

**D G A G**  
**D G A G**

[Verse 1]

**D** **G**  
Waking up from fever dreams, you got to wait til now  
**A** **G**  
I can see your shattered prism of fading light

[Verse 2]

**D** **G**  
Meditate on what it means to recommit your mind  
**A** **G**  
To keep on raising that til the day you die

[Chorus]

**A** **D** **G**  
Exorcize your fears and thinking it strange from all of this  
**A** **D** **G**  
Recognize the seasons are changing much faster than your friends suggest  
**A** **G**  
If the fall didn t break you from the distant past you know  
**A** **D** **G**  
Most of all it s easier than facing your days alone  
  
**D G A G**

[Verse 3]

**D** **G**  
How s it feel to see them prey upon your life?  
**A** **G**  
If they crept inside your skin what could they find?

[Chorus]

**A** **D** **G**  
Exorcize your fears and thinking it strange from all of this  
**A** **D** **G**  
Recognize the seasons are changing much faster than your friends suggest  
**A** **G**  
If the fall didn t break you from the distant past you know  
**A** **D** **G**  
Most of all it s easier than facing your days alone

[Outro]

**D G A G**
