E	B	
I	saw your picture and i	don t know where it stops
C#m	G#m	
standing in a parking lot,	kicking up	rocks and i
B	E	
and being a general,	true	
G#m	F#	
making a face	give any too	
E	B	
your sister never had	another normal year	
C#m	G#m	
your little brother had	a terrible fear	
B	E	
and i know and if you re	coming back from your den	
G#m	F#	
I saw your friends at your	building and they all said	

E	B	F#	F#
Oh hey ho	ooh hey	oohoo	
E	B		
you could all see,	coming alone		
F#	F#		
nobody could get	through		

And when they said your back to Boston
Your best friend called she said ...??
But it, it was nothing compared to this now

I thought I called him underestimating everything
I was exhausted from investigating every single
monochrome of bitterness and nothing less than levitating
every day s a diamond doesn t everyone s a wolf in vain

Oh hey ho oooh hey ooohoo
You could all see, coming alone
nobody could get through

G#m
You know you make it so hard on yourself
E
You are the ghost of a team
G#m **E**
i recognize it cause i do the same thing
G#m **F#**
given that what everybody knows
G#m
I don t know anybody else i could
E
give up so much so fast
G#m **E**
you used to whistle in a dirty old drunks past
G#m **F#**
here they go, they go

E **B** **C#m** **G#m**
You always want to know if i hear where you go,
B **E** **G#m** **F#**
but i don t hear anything anymore

Oh hey ho oooh hey ooohoo
