

Heathaze

Genesis

Em7 B7+ E/G#
No cloud, a sleepy calm,
A7+/G# F#m7 B6
Sunbaked earth that s cooled by gentle breeze,
F#m9 B7/13
And trees with rustling leaves,
E7/9 E7/9-
Only endless days without a care,
Bm Em7
Nothing must be done.
B7+ E/G#
Silent as a day can be,
A7+/G# F#m7 B6
Far-off sounds of others on their chosen run
F#m9 B7/13 E7/9
As they do all those things
E7/9-
they feel give life some meaning,
Bm Em7
Even if they re dull.

D7+ C/D G/D
It s time to stop this dreaming,
D7+ C/D G/D
must rejoin the real world
D7+ C/D G/D
As revealed by orange lights
D7+ C/D G/D
and a smoky at - mosphere.

Ebm B
The trees and I are shaken by
Bbm C#
the same wind but whereas
B7+ Ebm
The trees will lose their withered leaves,
Bbm G#m7
I just can t seem to let them loose.
Ebm B
And they can t refresh me
Bbm C#
those hot winds of the south.
B7+/Bb C#/G#
Oh I feel like an alien,
B7+/Bb C#/G#

a stranger in an alien place.

B7+ **E/G#**
Now the light is fading fast,
A7+/G# **F#m7** **B6**
Chances slip away, a time will come to pass
F#m9 **B7/13**
When there ll be none,
 E7/9 **E7/9-**
Then addicted to a perfumed poison,
Bm **Em7**
Betrayed by its aftertaste,

D7+ **C/D** **G/D**
Oh we shall lose the wonder
 D7+ **C/D** **G/D**
and find nothing in re - turn.
D7+ **C/D** **G/D**
Many are the substitutes
 D7+ **C/D** **G/D**
but they re powerless on their own.

Ebm **B** **Ebm** **C#**
Beware the fisherman who s casting out his line
B7+ **Ebm**
Into a dried up river bed,
 Bbm **G#m7**
But don t try to tell him cos he won t believe you.
Ebm **B** **Ebm** **C#**
Throw some bread to the ducks instead, it s easier that way.

B7+ **Ebm**
I feel like an alien,
 Bbm **G#m7**
a stranger in an alien place.

Ebm **B** **Ebm** **C#**
The trees and I are shaken by the same wind but whereas
B7+ **Ebm**
The trees will lose their withered leaves,
 Bbm **G#m7**
I just can t seem to let them loose.
Ebm **B** **Ebm** **C#**
And they can t refresh me those hot winds of the south.

B7+ **Ebm**
I feel like an alien,
 Bbm **G#m7**
a stranger in an alien place.
