```

Pre-Chorus
```
  Cmaj7                    Fmaj7        Cmaj7
```
I wish, that I could really tell you

```
 Em7                              Fmaj7
All the things that happened to me

Cmaj7
     Or all that I have seen

  Fmaj7         Em7            Fmaj7          Cmaj7
A world full of people, their hearts full of joy

Fmaj7     Em7        Fmaj7      Cmaj7
Cities of light with no fear of war

    Fmaj7         Em7            Fmaj7  Cmaj7
And thousands of creatures with happier lives

    Fmaj7        Em7          Fmaj7          Em7      C
And dreams of a future with meaning and no need to hide

(n.c.)
      Oh, keep it dark

|:C     :|

   F              E       Am   G       C
It seems strange to have to lie about a world so bright

   F            E      Am      G        C
And tell instead a made-up story from the world of night

  Cmaj7                 Fmaj7        Cmaj7
I wish, that I could really tell you

 Em7                             Fmaj7
All the things that happened to me

Cmaj7
     Or all that I have seen

  Fmaj7         Em7            Fmaj7          Cmaj7
A world full of people, their hearts full of joy

Fmaj7     Em7        Fmaj7      Cmaj7
Cities of light with no fear of war

    Fmaj7         Em7            Fmaj7  Cmaj7
And thousands of creatures with happier lives

    Fmaj7        Em7          Fmaj7          Em7      Fmaj7
And dreams of a future with meaning and no need to lie

   Em7      Fmaj7
No need to hate
```

```
   Em7        C
No need to hide

(n.c.)
