Like It Or Not
Genesis

(Bm7   Em/B   F#m/B   Bm7   Em/B   F#m/B   Bm7)

```
D4                            A7
Oh, don t you know, I ve been on my own
      F#m7
But I m coming home.
      C         G         D4
And I d like you to be there,
                A7
I feel a little cold in the air,
           F#m7
And you re not anywhere.
       C              A                 D
You re just another face, I used to know.

     Em              A          Em7/D        A
But there is still a chance to hold on to our love,
E/A              D/A          E/A          D/A
 Cos I gave you everything, everything I had.
```

(E7   D/E   E7)

```
      D/E
Ooh, like it or not
          E7
You have done it this time
    D/E                           E7
And like it or not, I ve had enough.
      D/E
Ooh, like it or not
          E7
There s a lot I could say
     D/E                     E7
 Cos I ve got a lot on my mind.

    Em7                    A/E
It won t be very long
      G/A            A
You re just another face
     G/A            A
That I once used to know
E/A             D/A
And I gave you everything,
     E/A                 D/A           E7
But what have I got to show? Oh Oh

     D/E
```

```
Oh, like it or not
         E7
You are out on the street
     D/E
And like it or not
                     E7
That s where you will stay.
     D/E
Oh, like it or not
          E7
There s another thing darling,
       D/E                          E7
Well I just could not stand another day

    Em7                     A/E
 Cos if you want to know,
      G/A           A      G/A           A
That there is still a chance to hold on to our love
E/A             D/A
 Cos I gave you everything
E/A           D/A
Everything I had - Everything I had.

D             A/D          G/D
It s been a long, been a long long time
        C/D    G/D           D       A/D
Since I held anybody, since I loved anyone.
D             A/D          G/D
Oh it s been a long, been a long long long time
          C/D            G/D         D         A/D
But if I m right or if I m wrong, does it matter anyway?
