

The Carpet Crawlers
Genesis

C#	Ebm	
E ---3--3--3--3--3--3-----		You should listen to the song
B ----2--2--2--2--2-----		and try that against it. Played
G -----0--0--0--0--		at a paced speed it should work!
D --0--0--0--0--0--0---2--2--2--2-		Also use your fingers it helps!
A -----2--2--2--2---		
E -----		

(chorus is another story I can't see the finger picking working for a beginner but try it on these chords. It works it just sounds strange if not worked on)

Fm
The carpet crawlers heed their callers

E	--2--	----	3--	----	----

(now here is the bit everyone loves about this song. The Steve Hackett bit when it gets to, You gotta get in to get out)

(remember I have figured this out through the live versions but can be put in the studio one just as easily)
