

**Distant Away  
Gentleman**

Repeat: **Am|Dm|Am|Em** througout the whole song.

Now me see how dem a moving  
Dem a wolf in sheep clothing  
And dem not aware about dem doings  
Just tell dem come out ya  
You nuh see seh Babylon want flood out ya  
To much blood out ya

Far away from life  
Distant away  
Hoping that they will return  
Far away from life but until that day  
Jah jah fire nuh stop burn  
(Repeat)

In the earliest morning we see dem walking about  
Congregating with dem friend dem keep talking about  
But if we left outta the west we still go find dem a south  
Cause a hatred dem a spread with  
Every word out of dem mouth  
Put my trust Ma the father and me do it without a doubt  
And dem try and try again and still dem cyaan get me out  
Never lose mi track and no me nuh change mi route  
Minds of illusion must get shot out

Far away from life  
Distant away  
Hoping that they will return  
Far away from life but until that day  
Jah jah fire nuh stop burn  
(Repeat)

So far til some a dem drift to the left  
But if dem drift to the right them have no regrets  
And dem nuh have no pity and no respect  
But we hafi follow through with the trend wha jah set  
What you waiting for  
Question again why you hating for  
Tell mi what is it you hesitating for  
You nuh see the golden rule you keep breaking

Far away from life  
Distant away  
Hoping that they will return  
Far away from life but until that day  
Jah jah fire nuh stop burn

(Repeat)

Tell dem come out ya too much blood out ya  
You nuh see seh Babylon a want to flood out ya  
Dem nuh love out ya dem only doubt ya  
East west north and south ya  
Dem acting proud but a we move the crowd ya  
Can t hurt dem people with your oil and your powder  
All when louder showing cold shoulder  
Dem acting bold but a we a move bolder
