Big UK hit in Autumn 1983  
For my wife lots of love darling

**E**                      **Gb**                      **E**                      **Gb**  
I think I finally know you I can see beyond your smile  
**B**  
I think that I can show you that what we have is still worthwhile  
**B**                      **E**                      **Gb**  
Don t you know that love s just like the thread  
                                 **G**                      **A**                      **B**                      **E**                      **Gb**                      **A**  
That it keeps unravelling but then..it ties us back together in the end

(CHORUS)

**E**                      **A**                      **Gb**  
In your eyes I can see my dreams reflections  
**E**                      **A**                      **Gb**  
In your eyes found the answers to my questions  
**Db**                      **Gb**    **B**                      **Db**  
In your eyes I can see the reasons why our love s alive in your eyes  
**Gb**  
We re drifting safely back to shore  
**B**    **E**  
And I think I finally learned to love you more

**E**                      **Gb**                      **E**                      **Gb**  
You warned me that life changes and nobody really knows  
**B**  
Whether time would make us strangers or whether time would make us grow  
**E**    **Gb**  
Even though the winds of time must change  
                                 **G**                      **A**                      **B**  
In a world where nothing stays the same  
**E**                      **Gb**    **A**  
Through it all our love will still remain

(REPEAT CHORUS)

(PLAYOUT TO:)

**Db**                      **Gb**    **B**  
In your eyes I can see the reasons why our love s alive

**Db**

You and I

**Gb**

We re drifting safely back to shore

**B**

**E**

And I think I finally learned to love you more
