

Good Day To Ride
George Canyon

G **D** **C**
Every morning when I wake up I pour coffee in my cup
G **D** **C**
And I look out on the fields Of the land that I call home
G **D** **C**
And if there s no chance of rain And I need to get away
G **D** **G**
I ll grab a saddle and be long, long gone

CHORUS:

D **G** **C** **G**
Looks like a good day to ride Underneath this big warm sun
D **G** **D**
Looks like a good day to let this old boy fly
D/F# **G** **D**
Loose on the reins and on the run
G **C** **G**
To a blue and endless sky Looks like a good day to ride

G **D** **C**
There s a world that s in a race For some money and some fame
G **D** **C**
But out here there s nothin all I need is what I have
G **D** **C**
So when I wanna free my mind from the concrete in the sides
G **D** **G**
I head for the mountains back to who I am

CHORUS:

D **G** **C** **G**
Looks like a good day to ride Underneath this big warm sun
D **G** **D**
Looks like a good day to let this old boy fly
D/F# **G** **D**
Loose on the reins and on the run
G **C** **G**
To a blue and endless sky Looks like a good day to ride

D **G** **C** **G**
Wow Looks like a good day to ride Underneath this big warm sun
D **G** **D**
Looks like a good day to let this old boy fly
D/F# **G** **D**
Loose on the reins and on the run
G **C** **G**
To a blue and endless sky Looks like a good day to ride
C **G**
