```

```
   F                    G                    C
I know that I seem strange to you sometimes
F                       G                    C
And who is it in here, you have often thought
F            G
But what can I tell you
C    C/B        Am
That you don t know already?
F              G                    C     C/B      Am
Yes, even the times like this will roll away
```

```
      D
But I love you (I love you)
```

```
I love you (I love you)
      G            (stop)              C
That s all that I ever really wanted
```

```
    F                 G                   C
I know that it will work out all the same
        F                 G         C
And whoever it is in here can overcome the pain
F            G
A true friends shoulder to lean on
C    C/B      Am
I'll make it through
F                G        C   C/B     Am
   And over and over I feel  for you

       D
But I love you (I love you)

I love you (I love you)
        G          (stop)
That s all that I ever really wanted
