Eb / / / / / / **Dm**

Cm **Eb** **Bb** **Eb**
Somebody brought the juicer I thought I d take a sip
Gm **Ab** **Eb**
Came off the rails so crazy my senses took a dip
Cm **Eb** **Bb** **Eb**
Before the bottle hit the floor and I d had time to think
Gm **Ab** **C** (8th fret)
I was blinded by desire the elephant turned pink

Fm **Eb** **Ab** **Eb**
And the rest is simply shady it s all been done before
Fm **Eb** **G** / **Cm** /
But it doesn t make life easy that s for sure
Fm **Eb** **Ab** **Eb**
You may think about a lady cause yourself a minor war
Fm **Eb** **G** / / / / / / /
And your life won t be so easy anymore

Cm **Eb** **Bb** **Eb**
No sooner had I sown it when I began to reap
Gm **Ab** **Eb**
I was torn from shallow water and plunged into the deep
Cm **Eb** **Bb** **Eb**
And as I started drowning I clung onto a straw
Gm **Ab** **C** (8th fret)
That somehow kept me floating while my madness craved for more

Fm **Eb** **Ab** **Eb**
And the rest is simply shady it s all been done and more
Fm **Eb** **G** / **Cm** /
But it doesn t make life simple that s for sure
Fm **Eb** **Ab** **Eb**
You may think about a lady let her in through your front door
Fm **Eb** **G** / / / / / / /
And your life won t be so easy anymore

Cm **Eb** **Bb** **Eb**
A pebble in the ocean must cause some kind of stir
Gm **Ab** **Eb**
And witnessed by the silence will reach from here to there
Cm **Eb** **Bb** **Eb**
The action that I ve started sometime I ll have to face
Gm **Ab** **C** (8th fret)
My influence in motion rebounding back through space

Fm **Eb** **Ab** **Eb**
And the rest is simply shady it s all been done before
