I ll be the one I want to be someday my day will come

We all have roles in life to play

**D7** **G7**

And I ll play a great one someday

**C**                  **G7**                  **F**                  **C**

We all have roles in life to play

**C** **F** **C**  
 Someday my day will come I ll hold true love right in my hand  
**G7** **C**  
 I ll touch the pretty rainbow s end and my cup will overflow  
**F** **C**  
 Someday my day will come I ll watch my ship as it comes in  
**G7** **C**  
 My castles won t be made of sand someday my day will come

I ll touch the pretty rainbow s end and my cup will overflow  
Someday my day will come I ll watch my ship as it comes in  
My castles won t be made of sand someday my day will come

Someday my day will come I ll watch my ship as it comes in  
My castles won t be made of sand someday my day will come

My castles won't be made of sand someday my day will come

**G7** **C**  
I ll hold true love right in my hand someday my day will come
