but you C rescued me from F reaching for the C bottle  
and you brought me back from G being too far C gone

C Your as smo F oth as Tennessee C whiskey  
your as sweet as strawberry G wine  
your as C warm as a C7 glass of F brandy  
and I stay C stoned on your G love all the C time

C I looked for love in F all the wrong C places  
found the bottom of the bottle always G dry  
but when C you poured out your love F I didn t C waste it  
cause there nothing like your G love to get me C high

Your as smooth as Tennessee whiskey  
your as sweet as strawberry wine  
your as warm as a glass of brandy  
and I stay stoned on your love all the time
