INTRO

**C**                    **Dm**                    **F**                    **C**  
Oh father I give thee thanks  
For life and everything thereafter  
Lord, I really thank thee  
Yeah

**C**                    **G**                    **Am**                    **F**                    **C**  
Woke up this morning feeling  
Down and so confused  
I had no strength to carry on, Lord almighty  
I was alone and needed someone to trust  
So I called on you my lord  
You know all the things Im going through  
Lord almighty  
My lord just tell me what to do, yeah eh  
You got my step through your wisdom  
And your judgement  
To where I am and where I am going to  
So Im praying

**C**                    **G**                    **Am**                    **F**                    **C**  
Lord, Im depending on you (Every day and every night)  
Lord , Im depending on you (Every thing I say or do)  
Lord , Im depending on you (Every day and every night)  
Lord , Im depending on you (Every thing I say or do)

**C**                    **G**                    **Am**                    **F**                    **C**  
I know sometimes the road may rock the hills may steep  
As I journey through the pathway of my life  
I pray you wipe away my tears and drive away fears  
As I go on with my heavy weight  
My lord I trust in only you  
You showed me that your love is true  
Good friends may come good friends may go  
You always there and I know  
And so Im praying

Chorus

**C**                    **G**                    **Am**                    **F**                    **C**

I can count on you my lord

For everything

I know that Ive done some wrongs

But you washed away my sins

I can count on you my Lord
