Intro: B C# F# C# B F#
             F#
Verse 1:
             All you know-it-all lovers
             Better heed some advice
             If you re bad to your baby
             You better think twice
                                          F#
                                 C#
             Love don t come easy, love ain t blind.
             You ve got to show her you love her
             Mornin and night
             Be there for her just to make things right
             в
             Make her believe
                                         F#
             Till there ain t a doubt in her mind.
             F#
             Better baby your baby
Chorus:
             With a love that s strong
             Hold her and tell her
             You ll never do wrong
             Better baby your baby
             C#

Verse 2: Don t let her get lonely

Don t make her cry

Don t take her for granted

Don t tell her a lie Bring her red roses When she s blue

Give her the best of What you ve got to give

You ll be together
As long as you live
Better baby your baby
And she ll baby you
