

Desperately
George Strait

George Strait - Desperately
Great song for beginners!

Standard Tuning
Intro **E**

E
Every night it s the same
I hear you callin my name
You re lyin next to me
I give into your charms
You disappear in my arms
I realize it?s just a dream, but

A **E**
Desperately I long to feel your touch
A **E** **B7**
But you left me all alone in love

And now I

E
Shake the sleep from my head
And try to crawl out of bed
Today is just another day
I make the coffee for one
I turn the radio on
Pretend that everything s ok, but

Desperately I long to feel your touch
But you left me all alone in love

And now I
Know there s no reason to smile
It s gonna take me awhile
Cause I still love you desperately

Desperately I long to feel your touch
But you left me all alone in love

And now I
Watch the sun goin down
There ain t nobody around
I feel a night in the breeze
I keep on tellin myself
I don?t need nobody else
And I can do as I please, but

Desperately I long to feel your touch
But you left me all alone in love

And now I
Desperately I long to feel your touch
But you left me all alone in love

And now
Every night it s the same
I hear you callin my name
I still love you desperately
I still love you
I still want you
I still love you desperately

cheers!
