

## Love Is Everything

George Strait

Artist: George Strait

Song Title: Love Is Everything

Standard tuning

Capo 4 to be in tune with the original

Love is everything  
It s a whole lot more than going to the store for a wedding ring  
It s kissing and a hugging but it s also the kicking and the cussing thing  
I ve been told  
Love is everything  
It s a smile on your face on a cold winter day at the thought of spring  
It s getting up at night for the cry of a little bitty baby thing  
And it s growing old  
Love is everything  
It s those fires that daddy stoked those nights to keep you warm  
It s the hell your mama went through the day you were born  
And it s a thunderstorm

verse - same chords as above

Love is everything  
Oh, it s going off to war, it s the back and forth on a front porch swing  
It s the kiss that you got in the old parking lot of the dairy queen  
And it s you and me

Love is everything  
It s looking out for everybody else but number one  
And it s all that really matters when all s said and done  
And the race is run

Love is everything
