Verse 1:
```
     E                          E/F#
Well hope is an anchor, and love is a ship
  A                   B
Time is the ocean, and life is a trip
    E                             E/F#
You don t know where you re goin  till you know where you re at
      A                           B
And if you can t read the stars, well you better have a map
   C#m                      B
A compass and a conscience so you don t get lost at sea
     A
Or on some old lonely island where no one wants to be
```

Repeat Intro:

Verse 2:
```
      E                            E/F#
From the beginning of creation I think our maker had a plan
  A                         B
For us to leave these shores and sail beyond the sand
    E                             E/F#
And let the good light guide us through the waves and the wind
     A                       B
To the beaches in a world where we have never been
       C#m                               B
And we ll climb up on the mountain, y all, we ll let our voices ring
     A
And those who never tried it, they ll be the first to sing
```

Repeat Intro

Chorus:
```
E  E/F#     A        B
       Oh my, my
                   E             E/F#   A        B
I ll see you on the other side, if I make it
                 E        E/F#             A         B
And it might be a long hard ride but I m gonna take it
                    C#m     C#m/A    A
Sometimes it seems that I don t have a prayer
```

Let the weather take me an€"-y--where
                        G                                          E
E/F#
But I know that I wanna go where the streets are gold  cause you ll be there
   A       B
Oh my, my

Verse 3:
Well you don t bring nothin  with you here and you can t take nothin  back
I ain t never seen a hearse with a luggage rack
So I ve torn my knees up prayin , scarred my back from fallin  down
Spent so much time flyin  high till I m face first in the ground
So if you re up there watchin  me, would you talk to God and say
Tell Him I might need a hand to see you both some day...

Chorus 2 :
Oh my, my
So I ll see you on the other side, if I make it
And it might be a long hard ride ,but I wanna take it
Sometimes it seems that I don t have a prayer,
Let the weather take me anywhere,
But I know that I wanna go where the streets are gold,  cause you ll be there
Oh my, my

 Cause you ll be there
Oh my, my
