

**Moving Forward**  
**Get Cape Wear Cape Fly**

(may vary according to singing voice)

**G C Em**  
I m wide, I m wide awake at night  
**G C Em G Am Em**  
And my mind s preoccupied and the silence won t reside  
**G C Em G C Em**  
Or resolve the feelings that exist because it s easy to dismiss  
**G Am Em**  
And it s harder to get hurt

**G C Am Em**  
And I wish that I was stronger than the people that you meet  
**G C Am**  
And I wish that you were lost without me  
**G C Am Em**  
And though the more I think about it the easier it seems  
**G C Am D Em**  
I ll be just fine so here s to moving forward

Were we made as corresponding shapes?  
Our two pieces tassellate  
Were we designed to fit as one?  
And it is with patience that I wait  
as these romantic notions take my dignity and tact

And I wish that I was stronger than the people that you meet
