

If you could be the corpse then I could be the killer

A# **C**

If I could be the devil you could be the sinner

Dm

You can be the drugs and I could be the dealer

A# **C**

Everything you say is like music to my ears

Dm

If you could be the corpse then I could be the killer

A# **C**

If I could be the devil you could be the sinner

Dm

You can be the drugs and I could be the dealer

A# **C**

Now everything you say is like music to my, music to my ears

[Chorus]

Dm **A#**

Don't mind us we're just spilling our guts

C

If this is love I don't wanna be loved

Dm **A#**

You pollute the room with a filthy tongue

C

Watch me choke it down so I can throw it up

Dm **A#**

Don't mind us we're just spilling our guts

C

Dm

A#

If this is love I don't wanna be hanging by the neck

C

Dm

Before an audience of death

A# **C** **Dm - A# - C**

Before an audience

[Bridge]

Dm **A#**

Failure find me to tie me up now

C

Cause I'm as bad, as bad as it gets

Dm **A#**

Failure find me to hang me up now

C

Dm

By my neck cause I'm a fate worse than death

Dm

A#

What a cyanide surprise you have left for my eyes

If I had common sense I'd cut myself or curl up and die
