Lyrics

3 years old
St. Nicholas Day
God came into the house
And stood in the doorway
In a brown overall

And that s when it left
All the crippling fear
The boundaries in mind

Down we go
The volcanos
Deep in hell we roam
And wrestle the devil
In his own house

There s no excuse
Let s try and fail
And be winning still

And then if we fall

Let us fall so hard
Right on the face
That we won't recover
Nor get back up
We'll proudly lie
Or we will succeed
