OUTSKIRTS OF LIFE

**C**  
Always gonna fight, until the day I die  
**G**  
No laws or limits will stop me from the way I live my life  
Don t get in my way, unless you want to die  
**C**  
I m living fast and hard and I accelerate on high  
I listen to the one, use who I got to use  
**F**  
Don t ever try and get too close, cause I m a burning fuse  
**C**  
Everyone around me is someone I will play  
**G** **F** **C**  
I m living out my life and I m living day to day  
**F** **C**  
Within the perimeters of this world I just don t feel real right  
**G** **C**  
I m living by the laws of a gun and a knife  
**F** **C**  
My soul cannot be tamed, I m living just to die  
**G** **C**  
I m living by myself on the outskirts of life
