

Lightning Bolt Ghost Mice

If you see that something is wrong, feel free to correct me. I d love to see some alternate versions of this song.
Listen to the song for the strumming. I tabbed this from the Andrew Jackson Jihad version, so there might be some minor differences compared to the Ghost Mice version. Love both bands, and the song.

D **A** **G**
The best years of his life is what he gave to you
D **A** **G**
Never late a day he s been faithful and true
D **A** **G**
putting out the tombstones and digging down the graves
D **A** **G** **Em**
for over thirty years now and I can t believe you have the nerve to say
G **D**
That now you re gonna have to cut his pay
A **G** **D**
cause one of your priests did such an awful thing

D **A** **G**
Lightning bolt oh lightning bolt why don t you strike them down
D **A** **G**
for what they did they deserve to be a black spot on the ground
D **A** **G**
And if there is a god living up there in the clouds
D **A** **G** **Em**
I can t imagine a better time to show his wrath than now
G **D**
Somehow these monsters all seem higher than the law
A **G** **D**
They won t see any punishment at all

D **A** **G**
He didn t give a damn about your god or your church
D **A** **G**
He was just an honest man looking for some honest work
D **A** **G**
And in his little finger he s got more purity
D **A** **G** **Em**
than a whole church load full of your child molesting priests
G **D**
It seems that you re making him pay for the guilty sins
A **G** **D**
Thirty years and that s the thanks he gets

D **A** **G**
 Well it s hard to imagine there could be a greater sin
D **A** **G**
 than using your trust for abusing a kid
D **A** **G**
 As hard as it may seem, well I think that there is
D **A** **G** **Em**
 and you re committing it by protecting these old evil men
G **D**
 And if there really is a judgement day
A **G** **D**
 you re gonna have a whole lot to explain
