

**New Moon Rising**

**E** **C#m** **B**  
when something s broke we don t throw it away  
**E** **C#m** **B**  
we try to fix it up again  
**E** **C#m** **B**  
duct tape and super glue  
**E** **C#m** **B**  
can make something, as good as new again.

don t bury me until I m dead, don t give up until the end  
**E** **C#m** **B** **E** **C#m** **B**  
it might be a dark dark night, but the sun it just might rise again

Chorus

**E** **C#m** **B**  
and it s never too late to do something new  
**E** **C#m** **B**  
and it s never too late to do something new

if you don t give up on life, then it won t give up on you  
**A** **B** **E**  
it s never too late to do something new

Verse 2 (same chords)

you re not too old, you re not too young  
you re not dead yet so don t give up  
we can build ourselves the world we want  
we can make a world we love

it s never too late to do something new  
it s never too late to do something new  
if you don t give up on life  
then it won t give up on you  
it s never too late to do something new
