Giant Drag - Stuff to live for

Written by Annie Hardy from Giant Drag (www.giantdrag.com)

Tabbed by Liam_Monster

Since no one else has tabbed this song from this spectacular band I thought I'd be a martyr.

I've only done the chord progression which really oversimplifies it but I didn't have

time to work out all of the lead that she plays.

Also I know that she plays it differently starting on the 11th fret but I only had an

acoustic to hand - enjoy :)

Chords:

NB: strum chords only once in first verse
