

Another Way Solo
Gigi DAgostino

Author: Gigi D Agostino
Tabbed by: Dorin

This part is from the song Another Way , where the synth comes up:

```
e----10-10-10-11-10-8-----8/10-----|
B-----11-10-8-|
G-10-----10-----|
D-----|
A-----|
E-----|
```

Use some delay, reverb and heavy distortion for this part. Also,
you can try (using special equipment) to simulate a synth with your
guitar... it sounds better
