The children woke up

```
The Way
Gigi DAgostino
Introdução: ( F#m Bm )
F#m
They made up their minds
And they started packing
C#7
                                     F#m
They left before the sun came up that day
F#7
An exit to eternal summer slacking
F#m
                          C#7
                                                   F#m
But where were they going Without ever knowing the way?
F#m
They drank up the wine
And they got to talking
C#7
                                      F#m
They now had more important things to say
And when the car broke down They started walking
F#m
Where were they going without ever knowing the way?
E7
    Anyone could see The road that they walk on is paved with gold
F#m
And It s always summer, they ll never get cold
They ll Never get hungry
        Α9
They ll never get old and gray
E7
    You can see their shadows Wandering off somewhere
F#m
                                              C#7
They won t make it home, but they really don t care
They wanted the highway
They re happier there today , today
