G **Am**
This is the song about the girl who lives in space
D **G**
Wondering in place the girl who lives in space
Am D **G**
But i Think she s happy out there
Am **D** **G**
Wondering wondering why
Am **D** **G**
She s the queen of venus her brother lives on mars
Am **D** **G**
Her sister likes to drive around in cars
Am **D** **G**
But I think she s happy out there
Am **D** **G**
Wondering wondering why
Am **D** **G**
She misses the sleep train every night
Am **D** **G**
Because the stars are so so bright
Am D **G** **Am** **D** **G**
But I think she s happy out there wondering wondering why
Am **D** **G**
She roasts marshmallows on the sun
Am **D** **G**
Maybe it s just for fun
Am D **G** **Am** **D** **G**
Now I know she s happy out there wondering knowing whyyyyy.....
