

**Put The Blame On Mame**  
**Gilda**

This is Put the Blame on Mame from Gilda, by Alan Roberts and Doris Fisher

I am not a guitar grand master, but have been wanting to play this song for years and could never find a tab on the internet. After waiting and waiting for someone else to put one up, I finally figured out a basic version myself. So I don't claim that this is the master tab, only that this is the simple, basic chord progression. I hope you will build upon it and resubmit!

In the acoustic version in Gilda, it's played with capo on the 6th fret.  
B7 is 021202
