

Until I hear it from you
Gin Blossoms

A F#m C#m

I didn't ask, you shouldn't have told me

E

but first I'd laugh right now

A F#m C#m

I'm sinking in it fast, whatever you sold me

E

well baby,

D E

I don't want to take advice from fools

D E

I just figured everything is cool

A A/G#m F#m E D

Until I hear it from you (hear it from you)

A F#m C#m

It gets hard, the memory's faded

E

who gets what they say

A F#m C#m

it's likely they're just jealous and jaded

E

well maybe

I don't want to take advice from fools

I just figured everything is cool

Until I hear it from you (hear it from you)

Until I hear it from you (hear it from you)

E A

I can't let it get me up

D B

or break up my train of thought

E A

as far as I know nothing's wrong

G D A

but still I hear it from you

still thinking about not living without it

else I'd look it in

still talking about not stepping around it

well maybe

I don't want to take advice from fools

I just figured everything is cool

Until I hear it from you (hear it from you)

Until I hear it from you (hear it from you)

Until I hear it from you (hear it from you)

A F#m C#m E

til I hear it from you, oh no

A F#m C#m E

til I hear it from you, oh no

A F#m C#m E

til I hear it from you (won t take advice from fools,
thinking everything is cool)

A F#m C#m E

til I hear it from you (won t take advice from fools,
thinking everything is cool)

til I hear it from you
