In fact I already do

And how do you repay that?

Dm
Talk to me like I m just a regular tramp

G
Trying to screw you over

C **F**
Do you even have a clue what I gave up just to be here

Dm
To serve your ass with steak and beer

G
Baby that s love

C
Baby that s real

F
And all I ve ever wanted was for your damn arms

Dm
To wrap themselves around me and say

CHORUS:

G **C**
Hey girl, youâ€™re the prettiest thing my eyes have ever seen

F
Come and lay your bones down with me

Dm
Come and lay your bones down with me

Baby you should think Iâ€™m beautiful

Why you wanna watch the set

Dm

G

When Iâ€™m laying right next to you in our own room

C

I feel like you donâ€™t even know Iâ€™m there

F

But I put a brush through my hair for you

Dm

Run my fingertips over your back real smooth

G

Cause Boy I need love

C

I don t get enough

F

And all I ever want is for your damn arms

Dm

How could you sit and stare at the wall?

Do you even like me at all?
