Some Kind Of Miracle

**D**  
Baby, baby, won t you give me a chance  
**Bb** **C**  
I know you re watching and I just can t dance  
**D**  
Well honey, honey, won t you give me a clue  
**Bb** **C** **Bb**  
I m tired of hanging by the DJ box pretending that I m cool  
**C**  
I catch your eyes and the whole world tumbles down  
**Bb**  
I said goodbye and you said I ll see you around  
**C**  
I kinda smile as if the whole thing s so passe  
**C**  
But deep inside  
**C#**  
I close my eyes and pray-**E-A-E**-ay  
**D**  
Oh baby, let me know  
**D**  
Should I stay or should I go  
**Bb**  
I ve always stayed around you  
**C**  
Now I m really nothing new  
**C**  
And if for  
**D**  
Some kind of miracle  
**D**  
Underneath the glitter ball  
**Bb**  
You ll see I m not invisible  
**C** **D**  
And anytime you wanna go it s cool  
  
**Bb C**  
  
**D**  
Baby, baby, say you ll give me a chance  
**Bb** **C**

You ve got the ego but you just can t dance, no

**D**

Well honey, honey, better things I could do

**Bb** **C**

Than hang around with all your slacker friends

**Bb**

Pretending that I m cool

**C**

But late at night I feel the whole world tumble down

**Bb**

I said all right and you said I ll see you around

**C**

I bore my eyes as if I don t care anyway

**C**

But deep inside

**C** **C#**

I close my eyes and pray-**E-A-E**-ay

**D**

Oh baby, let me know

**D**

Should I stay or should I go

**Bb**

I ve always stayed around you

**C**

Now I m really nothing new

**C**

And if for

**D**

Some kind of miracle

**D**

Underneath the glitter ball

**Bb**

You ll see I m not invisible

**C**

**D**

And anytime you wanna go it s cool

**D**

Oh baby, let me know

**D**

Why am I getting ready go?

**Bb**

You ve seen me tag around you

**C**

Now I m really nothing new

**D**

But my reaction is chemical

**D**

Something kind of sexual

**Bb**

It s doing you incredible

**C**
