

Sound Of The Underground
Girls Aloud

E **Am** **C**
Disco dancing with the lights down low
E **Am** **C**
Beats are pumping on the stereo
D **G**
Neighbours banging on the bathroom wall
E
I gotta crank the bass
Am **C**
I gotta get some more

G **C**
Waters running in the wrong direction
G
Got a feeling its a mixed up sign
C
I can see it in my own reflection
D **G** **Em**
Something funny s going on inside my mind
G
I dunno what its pushing me higher
D
Its the stactic from the floor below
C **E**
And then it jumps and catches like fire
Its the sound I, its the sound I
C **E**
Its the sound of the underground
C **E**
The beat of the drum goes round and around
C **E**
Into the overflow
C **Em**
Where the girls get down to the sound of the radio
G
Out to the electric night
Em **Am**
Where the bass line jumps to the backstreet light
C **E**
The beat goes around and round
A **E**
Its the sound of the under, sound of the underground

E **Am** **C**
Chain reaction running through my veins
E **Am** **C**
Pumps the bass line up into my brain

D **Am C**
 Screws my mind until I lose control
E **Am C**
 And when the building rocks I know its got my soul
