Hi this is my first tab. I hope it s correct  
and you ll love it.  
We have to play the song with a capo on 7, with an acoustic  
guitar (if you want to play it with an electric guitar with  
the CD, that s better if you put the capo on 6 but it doesn t  
sound really good ; I think the best if you want to play it in  
a band is with an acoustic guitar, capo on 7...)  
Enjoy !
