**C/G**

**F F# G**

**C/G F C/G G**

but I just don t understand how the world keeps going nowhere

there s still so many people poor

can t get my head around this war, all of this senselessness

feeling so hepless

so many people live and die

and never even question why all of their dreams are gone

how can they carry on

I would like some peace of mind, I ve got such a heavy heart

and you were broken down before you had a chance to start

and I just don t understand how the world keeps going nowhere

Good Luck!
