

Carols At Christmas

Girlyman

Am F  
A cold crash of metal and gears  
Am C G  
Grip the wheel as I sit right here  
Am F  
Did she get away, the ghost of a deer  
Am C G  
Am I in this all alone?

F C G  
Well I m nine, singing carols at Christmas  
F C G  
I am trying to make sense of your tenses  
F C G  
I know a word but not the rest of your sentence  
C G  
There is nothing I can do  
C G  
Because I don t understand you

Am F  
Always felt like I was walking a maze  
Am C G  
No one told me to go right or left  
Am F  
Blue or red, what colours disguise me  
Am C G  
So I look like all the rest?

F C G  
Well I m nine, singing carols at Christmas  
F C G  
I am trying to make sense of your tenses  
F C G  
I know a word but not the rest of your sentence  
C G  
There is nothing I can do  
C G  
Because I don t understand you

F G C F G  
Your eyes never change their watchful gaze on the T.V. set  
C F G Am  
They re already a day ahead in the east  
F G Am F Am G  
Can an island mean more than me?

Well there you are, standing with people like you  
It seems I've never seen you laugh like you do  
I count the ways I could have been more like you

Well I'm nine, singing carols at Christmas  
I am trying to make sense of your tenses  
I know a word but not the rest of your sentence  
There is nothing I can do  
Because I don't understand you
