Ice Cream Van - Glasvegas

Think this is just about correct, obviously you can't hear the guitar on the track but I would put the chords up anyway. The timing is easy enough to figure out if you to the song.

**C**

Theres a storm on the horizon

**Am**

And for that I can't see the sun

**F**

For I'll keep on waiting on the pavement

**C**

For the ice cream van to come

**C**

It's die hard hate to follow

I won't follow that

The marching people running round my head

**Am**

**F**

Running round my head I don't know why

**C**

I don't know why

**C**

Why can't we see straight through the powers that be

Who keep us breaking each others hearts

**Am**

**F**

And keeping us apart

**C**

Keeping us apart

**C**

Destroying the ground where gruesome lays

Sectarianism and the hurtful racist ways

Bring back the glory days

**Am**

**F**

Active citizenship and pure community

**C**

Freedom of faith

**C**

Theres a storm on the horizon

**Am**

And for that I cant see the sun

**F**

For I ll keep on waiting on the pavement

**C**

For the ice cream van to come

**Em Am**

Ooooooh

**F**

I ll keep on waiting on the pavement

**C**

For the ice cream van to come
