Glee Cast

```
    F#m                         D
So many things to do and say
      F#m                         D
But I can t seem to find my way
       F#m             D          F#m    D
But I wanna know how
    F#m                           D
I know I m meant for something else
       F#m                 D
But first I gotta find myself
       F#m             D      F#m    D
But I don t know how

        D
Oh, why do
                    A
I reach for the stars
                      D
When I don t have wings
                      E/F#
To carry me that far?

            D                   F#m-----E
I gotta have roots before branches
    D
To know who I am
          F#m               E
Before I know who I wanna be
      D
And faith
          F#m----E
To take chances
     D
To live like I see
    F#m              E
A place in this world
      D
For me

    F#m                        D
Sometimes I don t wanna feel
      F#m                     D
And forget the pain is real
        F#m              D              F#m    D
Put my head in the clouds
      F#m                        D
Oh, start to run and then I fall
```

```

Without my feet on the ground

           D
There s always a seed
                 A
Before there s a rose
                   D
The more that it rains
                 E/F#
The more I will grow

I gotta have roots before branches
     D

Be standing
