Once a Day

Intro: [C F C G C F C]

When you [C] found somebody new I thought I [G] never would,
Forget you for I thought then I [C] never could.
But time has taken all the pain [F] away,
Until [C] now IÅ¢m down to [G] hurtinÅ¢ once a [C] day. [F C G]

Chorus:

Once a [C] day (once a day)
All day [F] long (all day long)
And once a [G] night (once a night)
From dusk Åtil [C] dawn. (dusk Åtil dawn)
The only time I wish you werenÅ¢t [F] gone
Is once a [C] day, every[G]day, all day [C] long. [F C G]

[C F C G C F C G]

IÅ¢m so [C] glad IÅ¢m not like a man I [G] knew one time,
He lost the one he loved and slowly [C] lost his mind.
He sat around and cried his life [F] away.
Lucky [C] me IÅ¢m only [G] crying once a [C] day. [F C G]

Chorus

Is once a [C] day, every[G]day, all day [C] long. [F C G]
