

Bird Of Sorrow
Glen Hansard

[Intro]

C Em Am x2

[Verse]

Even if a day feels too long
You feel like you can wait another one
You re slowly givin up on everything
Love is gonna find you again
Love is gonna find you, you better be ready then

C Em Am x2

[Verse 2]

You been kneelin in the dark for far too long
You ve been waitin for that spark, but it hasn t come
Well I m callin to you, please, get off the floor
A good heart will find you again
A good heart will find you, just be ready then

[Chorus]

Tethered to a bird of sorrow
A voice that s buried in the hollow
You ve given over to self-deceivin
Your prostrate bowed would not be leavin

You ve squandered more than you could borrow

F

You ve bet your joys on all tomorrows

C

For the hope of some returnin

Em **Am**

While everything around just burnin

[Verse 3]

Come on, we gotta get out, get out of this mess we made

And still for all our talk, we re both so afraid

Well will we leave this up to chance, like we do everything?

Love is gonna find us again
