

## Come Away To The Water

Glen Hansard

Come Away to the Water  
Glen Hansard  
Rhythm and Repose

Glen Hansard wrote this song for The Hunger Games movie.  
He plays baritone ukulele in this song to the tuning of D-G-B-D.  
But lucky for guitarists, just tune your high E string to a D and  
play only the four highest strings. It sounds great on a classical  
guitar if you have one because the nylon strings give it a ukulele  
sound. Hope you enjoy!

This is how the chords are played:

	<b>Em</b>	<b>C</b>	<b>Bm</b>	<b>Am</b>	<b>Cmaj7</b>	<b>Esus</b>	<b>E</b>
D	2-----0-----0-----0-----5-----2-----2						
B	0-----1-----3-----1-----0-----0-----0						
G	0-----0-----4-----2-----5-----2-----1						
D	2-----2-----4-----2-----5-----2-----2						

This is the picking pattern: example Em

-----2-----2-----2-----	
---0-----0-----0-----0---0-	:play last 0 only on chord change
-----0-----0-----0-----0---	otherwise stick to pattern
-2-----2-----2-----2-----	

This is how to play the hammer-on:

-----2-----2-----2-----2-
-----0-----0-----0-----
-----0-----0-----0-----0---
-0h2-----2-----2-----2-----

You may have to listen to the song to get the rhythm.

Intro: **Em**

**Em**

Come away little loss, come away to the water

**C**

To the arms that are waiting only for you

**Em**

Come away little loss, come away to the water

**C**

To the ones appointed to see it through

**Bm Am Em**

We are calling to you

**Em**

Come away little light, come away to the laughter
