D C G
Tired, tired eyes look up and see

Em7 A
All you ve done, the path you ve come the things that you ve achieved

D C G
And when you re doubting I hope you ll trust in me

D A G D
Tired, tired eyes look up and see

Bm D
I ve been mining down a dark hole, I ve been mining in the rocks

Em7 A
For a golden seam she s got buried deep somewhere inside of her

Bm D
I ve been working for your wonder, I ve been mining hard and long,

Em7 A
And I will not fold; I m gonna find that gold, now my work has just begun

D C G
Come on, pilgrim, won t you stay the road?

Em7 A
Put that distance from your mind, don t you let it show

D C G
Well it s just a ride, and I m at your side if you didn t know

D A G D
Come on, pilgrim, won t you stay the road?

Bm D
I ve been mining down a dark hole, I ve been mining in the rocks

Em7 A
For a heart of gold that can t be bought or sold she s got there inside of her.

Bm D
I ve been working for your wonder, I ve been mining hard and long,

Em7 A
And I won t give up; I m gonna fill my cup, now my work has just begun

D C G
Shelter, shelter bell ring out for all below,

Em7 A
Keep your doorway open wide, give us somewhere to go

D C G
And when we re full of doubt and we don t know what about, don t you tell us no

D A G D
Shelter, shelter bell ring out for all below
