BEST OF TIMES

**F** **C**  
It was early in the morning you were laying on the floor  
**Gm** **Bb**  
The person that I love most dearly  
**F** **C**  
Our baby wasn't meant to come for six weeks more  
**Gm** **Bb**  
But the best laid plans can go wrong clearly  
**Eb** **Dm** **Gm**  
I called the ambulance and offered you some tea, you laughed  
**F** **C**  
I'm trying to pack your bag and proving that I'm not the better half

**F** **C**  
What you wanted was what I'd withheld for so long  
**Gm** **Bb**  
You supported me when my heart was broken  
**F** **C**  
Our differences resolved but something may be wrong  
**Gm** **Bb**  
But the fear that haunts us is unspoken  
**Eb** **Dm** **Gm**  
Between the two of us we can appraise the facts and decide  
**F** **C**  
Was I a tower of strength or tagging along for the ride?

**F C Gm Bb**  
**F C Gm Bb**

**Eb** **Dm**  
Once upon a time some people  
**Eb** **Dm**  
Thought that we would soon be done  
**Eb** **Dm** **C** **C7**  
Well I wish them and I hope they're having fun

**F** **C**  
The next generation's waiting they are banging on the door  
**Gm** **Bb**  
Growing up is such a mountain to climb  
**F** **C**  
We've got two boys and my earlier two make four  
**Gm** **Bb**  
And they'll all get a go in their own time

**Eb**

When I disappear

**Dm**

And old memories chime

**Eb**

My love will be clear

**Dm**

And our dreams aligned

**Eb**

**Dm**

With everything we ve been through we ve had the best of times
